

## Accent Stripe Colors

Standard Accent Stripe colors include black, blue, green, aluminum, and gold. Call for samples of stripe color and material.

Stain or paint fixtures and add accent stripes to create your own special look. Moulding patterns (*pages 71-77*) with an = can use accent stripes. Custom colors are available in volume.

### INSTRUCTIONS

#### Moulding Patterns & Accent Stripe Colors

Change # symbol at the end of the fixture code to moulding pattern number. Any pattern number with an = symbol can use accent stripes.

For stripe color:

Change = symbol at the end of the fixture code to two letter color below.

Leave off the = symbol if you do not want an accent stripe

BK - Black  
 BL - Blue  
 GR - Green  
 AL - Aluminum  
 GD - Gold
