

NEWConcept Wine Baskets

Basket options have been added to the NEWConcept Wine Units. Baskets are divided into four sections. Each section holds (9) 3" bottles or (8) 3-1/2" bottles laid down for a total of 24-36 bottles per basket. Choose 2-Basket or 3-Basket Units with shelves or bins above.

NEW Pull-out Drawer

Pull-out drawer provides a convenient place to store overstock or back-up wine bottles. Drawers are mounted on ballbearing slides for quick and easy access. Makes good use of the space at the bottom of a wine fixture.
