

## Custom Cash Wraps

Sometimes your retail space has demands beyond our modular Cash Wraps. So when our modulares don't quite fit your needs, we can design you a completely custom unit. Our custom Cash Wraps can be made from just about any material you require. See examples of custom Cash Wraps on the next several pages.

*If you know what you want, but don't see it in our catalog, fax or email us a sketch of what you are looking for. We will do a CAD drawing, with dimensions, to make sure we both understand the design elements.*
